Chairman,  
All India Students' Committee (AISC)

**C**limate change is one of the most momentous problems the world is facing and has evoked in us the alarm for extinction of several species and equitable threat to our livelihood. However, role of engineers to slower down the climate change remains indispensable. Climate change mainly occurs due to emission of green gases and increased solar radiation.

The green house gases still remain the byproduct of many industry and household machineries. Renewable energy is the most popular and widely used alternatives to reduce green house gases. However, one shortcoming of renewable energy is that its source is not continuously available, requiring alternative backups to compensate power shortages. Combined heat and power plant, which use waste heat from electricity production to provide space heating or hot water for local buildings, may also help to decrease the undesired gases. Nuclear power, though intimidating may act as good alternative. The solutions are not only limited to power consumption, civil engineers too have important contribution towards controlling climate change. Use of green materials in construction is a way to reduce green gas. The 'three Rs' ie, reduce, reuse and recycle is the most effective mantra to fight the climate change. Reduce of using impenetrable area for construction, land eco-system destruction, reuse of already developed sites, existing farm pond, road or parking lot and recycling of storm water, wastes and building materials such as asphalt pavement, fly ash replacement in concrete and recycled rubber and plastic appurtenance are some of the means that can be implemented. Planning for sustainable site, proper layout, landscape design, mass grading a development or building site are a few measures taken up by engineers are effective ways to create sustainable designs. New schemes are also evolving with the increased demand of various methods that include solar radiation management by increasing the radiation of sunlight or even by human engineering. With the invention of new strategies or with the development of existing ones, engineers of all discipline together should put their maximum effort to slower down the climate change and make the world habitable for next generations.

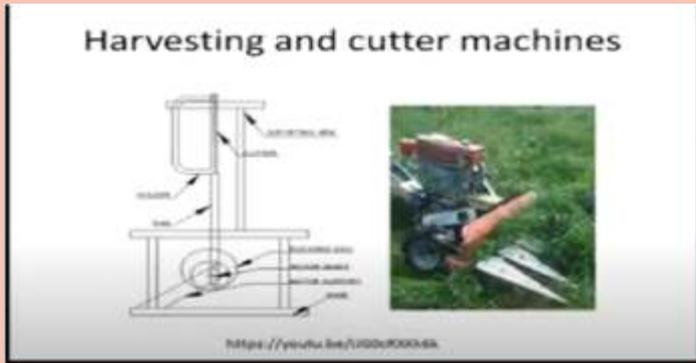

A discussion about controlling climate change remains incomplete without mentioning the Paris Agreement within the United Nations Framework Convention on Climate Change (UNFCCC) that deals with greenhouse-gas-emissions and its mitigation, signed in 2016 by representatives of 196 countries.

I, as a Chairman of All India Students' Committee of The Institution of Engineers (India) request the future engineers as well as the experts to consider global warming earnestly and churn all your engineering skills to alleviate the impact of climate change.

## Membership for undergraduate B Tech Students: Student Membership (SMIE)

The Council at its 689th meeting held at Ahmedabad approved a new grade of membership - Student Membership (SMIE) - meant for undergraduate students pursuing BE/B.Tech (AICTE approved) or equivalent qualification and will be valid for six years w.e.f. the date of enrolment. For further details, please visit our website [www.ieindia.org](http://www.ieindia.org). In case of any further query regarding Student Membership please contact (033)40106269/ (033)40106302.

## Online Submission of Corporate Membership Application of The Institution of Engineers (India)

In spite of the serious situation due to COVID-19 and complete lock down we are trying our best to serve our esteemed members/prospective members. Your kind cooperation is solicited. You are requested to submit your membership application only **ONLINE** for early processing.

Please visit the link <https://www.ieindia.org/webui/IEI-Registration.aspx> for further

details and submission of application

For any assistance mail to: [membership@ieindia.org](mailto:membership@ieindia.org)

# Best Students' Chapter Award

The Institution every year awards the Best/ Second Best/ Third Best Students' Chapter on the basis of their technical activities organised regularly throughout the year.

We are pleased to announce the following Chapters have been finalized as the the Best/ Second Best/ Third Best Students' Chapters for the session 2019-20

## Engineering College Students' Chapter Awards

Best Engineering College Students' Chapter	:	<b>AISSMS College of Engineering, Pune (Department of Electronics and Telecommunication Engineering)</b>
Second Best Engineering College Students' Chapter	:	<b>Pune Marathwada Mitra Mandal's College of Engineering (Department of Mechanical Engineering)</b>
Third Best Engineering College Students' Chapter	:	<b>Mepco Schlenk Engg College Sivakasi (Department of Computer Science and Engineering)</b>

## Polytechnic Students' Chapter Awards

Best Polytechnic Students' Chapter	:	<b>Thiagarajar Polytechnic College, Salem</b>
Second Best Polytechnic Students' Chapter	:	<b>PAC Ramasamy Raja Polytechnic College</b>
Third Best Polytechnic Students' Chapter	:	<b>Arasan Ganesan Polytechnic College, Sivakasi</b>

# Steps to establish IEI Students' Chapters in

## Engineering Colleges/ Polytechnics

Engineering Colleges/ Polytechnics may establish Students' Chapter of IEI with atleast fifty students pursuing engineering in the same branch of a College/University/Institution and be a part of the IEI fraternity following steps below:

- Initial request from an engineering college/a polytechnic is to be made to the Director (Membership) of IEI expressing desire to open a Students' Chapter at the Engineering College/Polytechnic mentioning the branches of engineering.
- Upon obtaining the permission and code of the new Students' Chapter from IEI, prospective Chapters have to download the forms [for engineering college Students' Members (ECSC) and Polytechnic Students' Member (PSC)] from the webpage [www.ieindia.org](http://www.ieindia.org) . The forms have to be filled up by the students willing for members of Students' Chapter in consultation with the Adviser.

The requisite fee to be collected from each student as per the year of study as given below.

### i) For Degree Engineering College:

Membership fee for Student Chapter	Subscription (Rs)	Share of Colleges/ Institutions (Rs)	Share of HQs (Rs)
First Year	536	300	236 (Incl. 18% GST)
Second Year			
Third Year			
Fourth Year			

### ii) For Polytechnic:

Membership fee for Student Chapter	Subscription (Rs)	Share of Polytechnic/ Institutions (Rs)	Share of HQs (Rs)
First Year	536	300	236 (Incl. 18% GST)
Second Year			
Third Year			

- The relevant part of the application forms are to be sent to Headquarters of The Institution of Engineers (India) alongwith the payment.

For details please write to [studentchapter@ieindia.org](mailto:studentchapter@ieindia.org)

## Privileges of Student Members attached to Students' Chapters of Engineering College/Polytechnic

- ❖ Opportunity to participate in technical events e.g. Seminar, Symposia, Conventions, Workshops etc. organized by IEI State/Local Centres.
- ❖ Participation in various Technical Activities of the students' chapter.
- ❖ Access to library facilities at State/Local Centres of the Institution across the country.
- ❖ Opportunity to meet fellow engineers for professional interaction.
- ❖ Reimbursement of travelling expenses to students selected for presentation of technical papers in Technicians'/Students' Convention of IEI.
- ❖ After passing the final year B.E/B.Tech examination, members of the Students' Chapter are eligible for the followings:
  - Members of the Students' Chapter of Engineering Colleges may become **Associate Member** of Institution. The membership form can be downloaded and apply online from IEI website [www.ieindia.org](http://www.ieindia.org) under membership tab.
  - Associate Members are entitled to receive Chartered Engineer certificate on payment of requisite fee
  - **SMIE** members may become **Associate Member** at a discount in Registration fee, if they applied within 1 year of passing BE/BTech (the details is given in our **AM application form**).
- ❖ **85 nos** of Scholarships of **Rs 7,15,000/-** given to the engineering meritorious students attached to the different Student chapter.
- ❖ **Dr Amitava Bhattacharyya Memorial Trophy** to be awarded to three **Best Engineering College Students' Chapters** and three **Best Polytechnics students Chapters** are annually awarded the certificate, plaque and **Rs 20,000/-, Rs 15,000/- and Rs 10,000/-** in each category respectively.
- ❖ The National Design and Research Forum (NDRF) – a peripheral body of the Institution – conducts the students' Design Competition every year amongst the student members studying in engineering colleges of the country. Apart from a certificate, the awardees are being given Gold, Silver, and Bronze medals in each engineering discipline. (<http://www.ndrf.res.in>).
- ❖ **Best three** technical papers presented in the Seminar and Technical Sessions by student members of Engineering College and Polytechnic Students' Chapters are awarded in the Annual Convocation and Technicians'/ Students' Convention.
- ❖ The **Students' Chapter Newsletter** is distributed amongst the Chapter members which is sent to the Advisers. IEI Students' Chapter Newsletter may be also browsed through [www.ieindia.org](http://www.ieindia.org).
- ❖ **B P Kapadia Memorial Prizes and upto Rs 27,000/-** to be awarded to the best three participants in Technical Session and Seminar during Student chapters' convention of Engineering College, Polytechnic Colleges and Technician Chapter separately.
- ❖ **EnggTalks** has been launched for student chapter members as community to interact amongst the engineering fraternity the same may be browsed through <https://www.enggtalks.com/communities/17>.
- ❖ The Students' Chapters may participate in **Regional Conclave** to be organized in the emerging field of engineering by engineering college and polytechnic region wise.
